

10,000 LTR GALVANISED FIRE FIGHTING TANK

Product Code: **GRT10000-S**

Please contact us for more options or if you want to customise your Galvanised Fire Fighting Tank.

ORION AUSTRALIA has added a range of galvanised tanks to satisfy the new BAL (Bushfire Attack Level) ratings to their already large range of water storage tanks. Available in galvanised finish or painted to match colorbond colours.

10,000L Galvanised fire tank, complete with 2" fitting and Tas Fire approved outlet.

Other colours are also available.
