

1300 LTR STEEL BASED PALLET BIN

Product Code: **QP1550**

Very heavy duty and ready for action – the QP1550 steel-based pallet bin has a central well and is excellent for use where contents may require draining prior to emptying. These bins can be used with a rotating fork attachment, and are easy to clean.

The fabricated steel base can be supplied painted or hot dip galvanised.

Available in a large range of colours, all fully food contact compliant. Optional galvanized or stainless steel rotator plates are available to allow rotation using rotating forklift head.

Rotationally moulded using industrial quality, UV Stabilised BPA free polymer for excellent performance both indoors and outdoors.

Procon Pallet Bin QP1550 Benefits

- Stronger, long-lasting rotomoulded bin
- Suitable for most standard bin tippers
- Manufactured using foodgrade polyethylene

Available options

- Embossing/Stamping
