1600 LTR
SIDE DISCHARGE MINI FEED SILO

Product Code: **ATS1600**

The ATS1600 Side Discharge JACKY® Bin design discharges product to the side of the bin, and is ideal for use for animal feeds and other granular products.

The ATS1600 Side Discharge JACKY® Bin design discharges product to the side of the bin. It is ideal for animal feeds and other granular products. The steep slopes assist with positive drainage and minimal retention of product in hopper.

Model ATS1600 Benefits

- Discharge height 455mm allows easy filling of buckets.
- 4 way entry for easy handling with pallet truck.
- All working parts UV stabilised polyethylene or stainless steel for longevity.
- Safe Working Load (SWL) - 1200kg.
- Convenient 1600 Ltr size to suit various product densities.
- Slide on lid design for weather resistance.
- Standard colour is Natural (translucent white). You can see the remaining product level through the walls, without having to remove the lid.
- Serial numbering and custom branding options available for tracking batch lots.
- Vermin resistant for protection of contents.
- Perfect for animal feed.
- 40° run slope for quick draining and discharging bulky product.
