

2000 LTR STEEL BASED PALLET BIN

Product Code: **QP2000**

Very heavy duty and ready for action – the QP2000 steel-based pallet bin has a flat floor and is excellent for use where contents may tend to hang while emptying – the tapered walls help to allow easy release of contents. These bins can be made for use with a rotating fork attachment or can be customised to suit a bin tipper.

The fabricated steel base can be supplied painted or hot dip galvanised, and castors are an optional accessory.

Available in a large range of colours, all fully food contact compliant. Optional galvanized or stainless steel rotator plates are available to allow rotation using rotating forklift head. Rotationally moulded using industrial quality, UV Stabilised BPA free polymer for excellent performance both indoors and outdoors.

Available options:

- Embossing/Stamping
- Drain Bung
- Rotator Plates
- Range of colours

Procon Pallet Bin QP2000 Benefits
