

2400 LTR CORRUGATED RAINWATER TANK

Product Code: **RT02400**

In response to the demand for a quality durable rainwater tank that will stand the test of time, Orion Tanks Tasmania have created a comprehensive range of tanks with both traditional and contemporary styles. We have been manufacturing rainwater tanks for over 20 years, and we understand your needs.

Tasmanian Traditional Round Corrugated Rainwater Tanks

Save every drop with Orion Tanks Tasmania. We provide a comprehensive range of traditional and contemporary styles to suit every home. We have been manufacturing rainwater tanks for over 10 years and have developed a quality product that will withstand the test of time.

Our tanks:

- Are manufactured from food grade UV stabilised polyethylene, which makes them tough, durable and able to withstand the harsh Australian sun.
- Do not rust or corrode, and are impact resistant. This represents a great long-term investment.
- The single piece moulded construction ensures long-term structural strength.
- Tap/valve and fit-up kit supplied with all ORION Rainwater Tanks, to make your install easy.
- Non-standard fit-up and additional outlet options are available on request.
- Tanks are available in a wide range of colours, with the ability to match many existing Colorbond® colours.
