

500 LTR CORRUGATED RAINWATER TANK

Product Code: **RT00500**

In response to the demand for a quality durable rainwater tank that will stand the test of time, Orion Tanks Tasmania have created a comprehensive range of tanks with both traditional and contemporary styles. We have been manufacturing rainwater tanks for over 20 years, and we understand your needs.

Tasmanian Traditional Round Corrugated Rainwater Tanks

In answer to the ever-growing demand for better water conservation technology, Orion Tanks Tasmania have created a comprehensive range of traditional and contemporary styles. We have been making rainwater tanks over 10 years, and the quality of our tanks stand the test of time.

- Manufactured from food grade UV stabilised polyethylene, which makes them tough, durable and able to stand up to the harsh Australian sun.
- Our poly tanks do not rust or corrode, and are impact resistant — representing a worthwhile long-term investment.
- Single piece moulded construction ensures long-term structural strength.
- Install of all ORION Rainwater Tanks is easy with tap/valve and fit-up kit supplied with every tank.
- Non-standard fit-up and additional outlet options to suit your particular requirements are available on request.
- Tanks are available in a wide range of colours, with capacity to match many existing Colorbond® colours.
