

# 500 LTR

## RIBBED WALL PALLET BIN

Product Code: **IJB500**

Procon pallet bins are extremely robust and are the ideal container when handling food grade product or waste.

The smallest of the Procon pallet bin range, the IJB500 pallet bin is ideal for storage and containment of both solid and semi-solid products. Can be stacked up to three high when full. Lids are required to allow stacking.
