

CENTRELINE POLY WATER TROUGH

Product Code: **CLT9**

Among the most popular styles of under-fence stock watering trough in Australia! Perfect for watering large stock numbers, and ideal for use in feedlots, stockyards, etc.

- One piece poly construction
- Ideal for fence line installation
- Edges and corners rounded for safety
- Mould in recess for pipework
- Fully enclosed float valve
- Drain cap each end
- Long lasting UV resistant polyethylene (no parts to rust)
- Ribbed for added strength.

(Dimensions and capacity of these products can vary slightly between states)
